

MIA MEMBERSHIP OPPORTUNITIES! INDIVIDUALS & SCHOOLS

Montessori Institute of America is a collaboration of teachers, education programs, schools, families, and all those who value the Montessori Method of Education.

Our Mission is to empower adults throughout the world to inspire lifelong success through Montessori Education.

Your Annual Membership supports a global, non-profit organization working to develop Teacher Education Programs, providing school mentorship opportunities, and contributing to a global mindfulness and understanding of Montessori Education.

Individual MIA Membership

Individual Members add strength to our mission and vision and aid us in advancing Montessori principles to the global community. By joining MIA, individuals have the opportunity to be a part of an international professional organization

Individual members receive discounted registration fees for MIA conferences and workshops. Individual members receive the MIA Newsletter, and opportunities for idea sharing and networking.

- Annual dues for Individual Members are \$50.

School MIA Membership

School Membership includes valuable benefits and opportunities: discounted regional and international conference fees, school development mentorship, and global community connections. By joining MIA, schools give parents the assurance that the school has met professional standards. Member schools may be highlighted in newsletters, and advertised on the MIA web page.

Member schools have the opportunity to be involved in the process of Teacher Certification by becoming an MIA Host School (maintains an MIA-approved practicum site). Ask about becoming a Host School and receiving a discount on membership dues.

- Annual dues for MIA School Membership are determined by the level of membership **and** the number of Montessori age levels supported by the school.

More information at www.mia-world.org/resources/document-library

- School Membership Levels

Initiate Membership:

Appropriate for schools just beginning on the path of maintaining a Montessori environment

Associate Membership:

Appropriate for schools who are well involved in maintaining their Montessori environment by maintaining at least one classroom with all core Montessori components.

Full Membership:

Appropriate for schools which maintain all core Montessori components in all of its classrooms

We are excited to invite you to be a part of Montessori Institute of America. Today, we are building the groundwork for the future. Together MIA members are a collaborative part of a movement to improve education for children, and adults, around the world.

Welcome To MIA! We look forward to working with you.
